ANGELS IN THE ORCHARD

A place to heal. A future to build.

Rooted in faith.
Built for what's next.

An intentional residential community envisioned for single mothers, their children, and young adults aging out of foster care. Safe housing, emotional support, education, child development, and meaningful work come together to build lasting independence—and change the next generation's future.

THE ROADMAP

01 PLAN & PREPARE
Planning phase

Assemble leadership and specialist advisors. Advance the property strategy, community design, family programs, partnerships, and operating plan.

02 BUILD & LAUNCH
Build phase

Secure capital, develop housing and shared spaces, recruit the care team, and welcome the first families as facilities and programs become ready.

03 GROW & MULTIPLY
Growth phase

Expand pathways to employment and homeownership, recruit program alumni as mentors, track family outcomes, and open the door for other communities to follow.

THE FAMILY JOURNEY

Year 1: Heal & rebuild trust → **Years 2–3:** Learn & earn → **Beyond:** Independence & homeownership

Housing, trauma-informed support, spiritual mentorship, and child development sustain the journey.

FUND THE FIRST 18 MONTHS

$4M

18-month planning phase

WHAT THIS FUNDING ENABLES

- **Leadership & delivery team**— Program, development, finance, and project-management expertise.
- **Specialist planning advisors**— Architecture, land use, legal guidance, and family-care design.
- **Launch readiness team + advisors**— Partnerships, operating systems, impact measurement, and the next-stage funding plan.

Preliminary allocation: Core team 55% | Specialist advisors 35% | Reserve 10%

Property acquisition, construction, office operations, and program delivery are outside this estimate and will be budgeted separately.

THE 18-MONTH GOAL

A professionally developed implementation plan, with the team, designs, program model, and funding pathway needed to move toward launch.

Become a founding partner.

Help build a community where stability becomes generational.
